RIGATINI

Espresso Martini ir slavens visā pasaulē, bet mēs šim kokteilim, kas atmodinās ballītei, esam piešķīruši negaidītu pavērsienu, degvīnu aizstājot ar unikālo Rīgas Melno Balzamu. Neatkārtojams sākums neatkārtojamam vakaram!

The Espresso Martini is a world-famous drink, but to put you in the mood to party, we have added a twist by replacing vodka with Riga Black Balsam, a truly unique flavour and experience. A magnificent start to a magnificent night!

Atsvaidzinošs un ziemīgs kokteilis ar tropiskām garšu notīm, simbolizējot pāreju no ziemas uz pavasari. Tā saldā garša ir lieliski sabalansēta ar maigu piparmētras akcentu, sniedzot uzmundrinošu garšas pieredzi.

A refreshing and wintry cocktail that brings a taste of the tropics as a transition from winter to spring. Its sweet flavor profile is perfectly balanced with a subtle hint of mint, creating an invigorating taste experience.

CLAVIS RIGA

12.00

Rīgas oficiālā kokteiļa nosaukums nozīmē "Rīgas atslēgas". Šis dzēriens patiesi atslēdz pilsētas garšu - ābolu sulas un rabarberu nostalgiski saldskābās notis līdzsvaru baltās šokolādes saldums, bet neatkārtojamu aromātu sniedz Rīgas Melnais Balzams. Ja Rīgai būtu garša, tā būtu šāda - unikāla, saldeni skāba un noslēpumaina.

The name of Riga's official cocktail means "Keys of Riga". This drink truly unlocks the flavour of the city - the sweet and sour nostalgic notes of apple juice and rhubarb are evened out by the sweetness of white chocolate, but it is Riga Black Balsam that gives this cocktail its aroma. If Riga had a flavour, it would be unique, sweet and sour, and mysterious.

Šis kokteilis ir kā pastaiga pa kādu no Rīgas teju divdesmit dažāda lieluma parkiem un dārziem - atsvaidzinošs kā zaļās mačas tēja un augļi, pārsteidzošs kā ruma kombinācija ar Limoncello, maigs kā Amaretto. Solis šajā valstībā, un aizmirsīsi par visu pārējo.

This cocktail is like walking through one of Riga's twenty parks and gardens - it is as refreshing as green matcha tea and fruits, as surprising as rum combined with Limoncello, and as gentle as Amaretto. Step into this world and forget about everything else.

Pasaulē augstāko ūdenskritumu, kas atrodas tik tuvu eņģeļiem, atklājis Latvijā dzimušais Aleksandrs Laime. Bezbaillīgā pētnieka atklājums iedvesmojis šo pikantā ruma, medaino cukurniedru un eksotisko augļu simfoniju, kas ļaus nonākt vēl neizpētītā teritorijā.

The world's highest waterfall, so tall that it is named for the angles, was discovered by Aleksandrs Laime, who was born in Latvia.
